

## Touch Sensor Exit Button

EB-10B

### What is an exit button?

A. X. (eXit button) Also called a "close" or "exit" button, clicking or tapping the X removes the current window, dialog box or popup message from the screen. It is also used to delete text and graphics.

### What is a request to exit?

Request-to-exit (REX) devices are used in conjunction with access control systems to ensure that tenants are able to freely and safely exit an area. Many options such as exit buttons, hands-free infrared, or touch sensitive devices make it an ideal choice for releasing maglocks or door strikes.

## Specifications
